

# Why do I love her?

Knock! Knock! There was a question I heard in my mind,  
“Why do I love her?” Did she ever give me a sign?  
I don’t know maybe my love was blind,  
I do now wake up late when I used to sleep at nine.

Sometimes I think there is a reason to find,  
I gave a thought, “Is it’s her dumbness or her cute jawline”?  
Maybe it’s 3rd time I will make her remind,  
But it’s hard to think because she is always so fine.

Maybe it's her hair, or because her nature is kind,  
Or is it her eyes which are mesmerizing as a perfect wine,  
With a shaking of my head in my imagination I declined,  
And again, gave a thought why should I want her to be mine.

Maybe her cute small nose was the reason behind,  
Or can it be her small hands which were even small after combine,  
I hold my head and get my conscience aligned,  
But can’t find the answer to a single line.

I don’t know why I love her,  
Maybe the reason is undefined,  
The fact is I only love her,  
And I wish to make her mine <3
